PROFESSIONAL SUMMARY

Full Stack Developer with over a year of hands-on experience building and deploying web applications using **MERN, Next.js, Nest.js, TypeScript, Prisma, and Supabase.** Experienced in developing **REST APIs, JWT authentication, database integration, responsive interfaces, and admin dashboards**. Skilled in **Git/GitHub, Pull Requests, Vercel, and Cloudflare Workers.** Currently working as a **Web Development Intern** and seeking a Full Stack Developer / Junior Full Stack Developer role to contribute to production-level applications.

EDUCATION

Qualification	Institute / Board	Year	Score
MCA	Aggarwal College Ballabgarh, MDU	2026	8 CGPA
B.Com Hons.	Aggarwal College Ballabgarh, MDU	2024	7 CGPA
12th	Rawal Convent School, CBSE	2021	85%
10th	Aditya International School, CBSE	2019	70%

TECHNICAL SKILLS

- Frontend: HTML, CSS, JavaScript (ES6+), React.js, Redux, Next.js, Tailwind CSS, shadcn/ui, TypeScript
- Backend: Node.js, Nest.js, Express.js, REST APIs, JWT Authentication, BullMQ
- Database: MongoDB, PostgreSQL, Supabase, Redis
- ORM/ODM: Mongoose, Prisma
- Version Control: Git, GitHub, CI/CD
- Deployment: Vercel, Cloudflare Workers, Render
- Testing/Tools: Postman, VS Code
- Other Keywords: API Integration, Authentication, Deployment, Debugging, Agile/Scrum

EXPERIENCE

Web Development Intern – Kunstelix
July 2026 – Present

- Developed and maintained full-stack web applications using **Nest.js, Next.js, TypeScript, Prisma, and Supabase**.
- Designed and integrated **REST APIs** for dynamic data handling and application functionality.
- Deployed backend applications on **Cloudflare Workers** and frontend applications on **Vercel.**
- Managed database operations and data models using **Prisma and Supabase**.
- Followed Git-based development workflows, including **daily commits, branch management, and Pull Requests (PRs).**
- Collaborated with team members in an **Agile development environment**.

Web Development Intern – GenicMinds
March 2026 – June 2026

- Developed and maintained web applications using the **MERN stack**.
- Created interactive e-learning projects for a client using **Articulate Storyline 360**.
- Contributed to the **MyAnimal** website.

Web Development Intern – IPCA Pvt Limited
August 2025 – February 2026

- Developed and maintained web applications using the **MERN stack**.
- Contributed to a college website.
- Collaborated with team members in an **Agile environment**.

PROJECT

TASKMATE – AI CHATBOT TASK MANAGER

- Built a **chat-based task manager** where users **create, view, search, and update tasks** through natural-language chat; supports **Hindi, English, and Hinglish**.
- Chatbot asks **follow-up questions** when important task information is missing.
- Implemented **user login and authentication**.
- Each task has title, description, due date and time, Assigned To / Assigned By, **status (Pending, In Progress, Completed)**, and created/updated timestamps.
- Implemented **role-based permissions enforced on the backend**: task creator can edit all details, assigned user can only update status, and other users cannot modify the task.
- Deployed the application on **Vercel**.
  Live Link => Taskmate

FRANCHISE MANAGEMENT SYSTEM

- Developed a full-stack **Franchise Management System**.
- Implemented a **responsive frontend** using Next.js and Tailwind CSS.
- Tech stack: **TypeScript, Next.js, Tailwind CSS, shadcn/ui, Prisma, Supabase, Nest.js.**
- Built an **Admin Dashboard** to manage franchise-related data and operations.
- Implemented **JWT-based authentication** for secure user access.
- Project status: ongoing.
  Live Link => FranchiseOps

PORTFOLIO

- Developed and maintained using the **MERN stack**.
- Tech stack: **TypeScript, React.js, Tailwind CSS.**
- Showcases my education qualifications, projects, and experience.
  Live Link => Bunty Rajput — MERN Stack Developer

HMC APP – MOVIE TICKET BOOKING

- Online movie ticket booking site where users can **browse movies and book tickets**.
- Customers can **select seats**, book multiple tickets, and filter by movie/showtime.
- **Admin Dashboard** to manage movies, theaters, users, and bookings with complete site control.
- Technologies used: **React.js, Tailwind CSS**.
  Live Link => HMC

HOTEL BOOKING WEBSITE

- Developed a hotel booking system using the **MERN stack**.
- Built **RESTful APIs** in Node.js and Express.js for authentication and booking management.
- Implemented a **responsive frontend** using React.js with Redux for state handling.
- Integrated a **MongoDB** database to manage users, rooms, and transactions securely.

CERTIFICATION

- React.js Developer Certification – NAMASTE DEV
- Node.js & Express.js Training – NAMASTE DEV
